Quality of Life Matters®

Now in its 18th year of publication, **Quality of Life Matters®** is recommended as an educational resource by the American Academy of Hospice and Palliative Medicine.

The periodical is dedicated solely to end-of-life care news and clinical findings and is researched and written by professional medical journalists specializing in covering palliative care issues.

It is an independent publication; it is not affiliated with any health care organization or company. The quarterly newsletter is published by Quality of Life Publishing Co., a firm dedicated to easing the way for patients with life-limiting illnesses and their families.

We customize copies of the newsletter for hospices and other organizations to provide as an educational service for their local clinicians.
